

# Dave Sattazahn

*Dave grew up in the Hershey area and founded Environmental, Controls & Service in 1988. After working in the HVAC since 1979, Dave started the company with one technician and has since grown to have a full office support staff and a fleet of service vehicles. He presently serves as President and oversees the daily operation of the company. He resides in the Palmyra area with his wife and two daughters. His personal interest include: whitetail deer hunting, spending time with his family, horse back riding and spending time at his camp in Mifflin County.*
